

# The Seven Empires of Mystery Babylon

# 4: Seven Empires to the New World Order.

- Biblical Outline formed by Daniel 2 and Rev 17
  - That these empires are only manifestations of a system of world power that Revelation calls the beast
  - Each empire is the head of the system at a given period of time
  - Each empire is conquered by the empire that will succeed them as head of the beast system, in chronological order, continuing the beast-system
  - The final empire is a ten-nation empire
  - This ten-nation empire is destroyed by Jesus Christ the Messiah personally and when that happens the entire beast-system dies.
- Historic progression
